STATE REVENUE INDEX TO MEKEEL'S

1892-1957

Compiled by Kenneth Pruess

Clarence Henry Chappell compiled an index to all articles on U.S. revenue stamps which appeared in Mekeel's from 1892 to 1957. This index listed all articles chronologically but did not include a subject index. The SRS library has a copy of Chappell's unpublished index and copies of all the known articles which include information on state revenue stamps. It is hoped that this subject index will facilitate usage of this material.

Many of the articles in Mekeel's are mere notes of no particular value. But there are numerous articles which give information that is not found in Hubbard's or Cabot's catalogs. In Part I of this index I have given the whole number of the issue in which information appears. Part II gives the dates of publication of these numbers.

An * following a number indicates that the article may have information not readily obtainable from other sources. This includes information on the designer, printer, sheet format, varieties, dates of issue, laws, history, etc. Articles not followed by an asterisk contain only information more readily available in Hubbard's or Cabot's catalogs. Articles listed as "General" usually include notes on stamps of a variety of states but no information of value for research purposes. An * following such listings indicates only that they are interesting reading.

SRS members may obtain the Chappell index or the Mekeel's file by paying postage both directions. If only a few pages are required, it will be cheaper to purchase photocopies which can be supplied at 10¢ per page plus postage and can be retained permanently by the borrower. All inquiries should be directed to the Librarian whose address may be found on the masthead of a current STATE REVENUE NEWSLETTER.
