The Official Organ of the State Revenue Society

Volume 21, No. 6

November-December, 1981

Whole No. 154

YEARBOOK 1981 • 1982

SUBJECT INDEX TO THE STATE REVENUE NEWSLETTER

Whole Numbers 132-148 (1978-1980)

Compiled by O.R. Bloom

This listing for the years 1978 through 1980 continues the same format adopted with publication of the cumulative index in 1977. Entries are confined to subjects only, although it is possible in these issues to identify the author or contributor, the expanded space required for such inclusion exceeds what is readily available. Similarly, no effort has been made to list any doings of the State Revenue Society or any articles, editorials or letters to the editor not directly concerning specific states or subjects.

Entries appear first as alphabetical listings by states, then again alphabetically by stamp usages. Local material appears at the end of the state listings. Because of different terminologies used in different states or different authors, it is wise to scan the entire state listing for pertinent material on a particular subject. This is especially true in seeking items on liquor taxation (variously listed under liquor stamps, liquor seals, beer and wine, etc.) and for any fish and game items (duck stamps, waterfowl, fishing licenses, hunting permits, fish and game, etc.).

Notation is by Whole Number and Page: 133:27 refers to Whole Number 133, page 27. Members should note that one issue of the NEWSLETTER omitted the date and volume number. You may wish to mark your copy for future accuracy for what should have appeared: Volume 18, No. 5; September, 1978; Whole No. 136.

Any errors in this compilation should be brought to the attention of the editor so they may be corrected in future indexes.
