Publication Fund Donation

Publications Fund

The SRS publications fund has received a generous donation from member Walter P. Vetter of Venetia, Pa. His donation will help the planned publication of new SRS catalogs and handbooks.

Most members have indicated a desire to see more state and topical catalogs. Without sufficient donations to the publications fund, the SRS Board will be faced with the decision to increase dues to produce catalogs or not produce them.

If you're interested in seeing more SRS catalogs, send a tax deductible donation to the SRS treasurer.

SRN Topics

The Third Quarter *SRN* was originally going to feature bedding stamps. Because of the extensive manuscript on Fish and Games Stamps of the U.S. that Charles Souder provided we have bumped the bedding issue into 1997 and have focused this issue on the first large installment of Souder's catalog, covered the A-E states, minus California. Utah appeared in the last issue and Nevada will be included in the Fourth Quarter *SRN*.

Archival Service

The SRS library is now serving as an archives. If you have reference material you no longer have room for, don't throw it out. Send it to the SRS library where it will help future researchers.

SRS Elections

Nominations for 1996 SRS board positions are now closed. All SRS officers and governors will run for two-year terms. Watch for the ballot enclosed with the Fourth Quarter *SRN*.

SRS Representatives

We're still looking for SRS representatives to promote the SRS in several parts of the country. If you'd like to help the SRS grow, please contact me today.

Member Comments

SRS member input is always solicited. Let us know what you're collecting and what

new finds you've come across. Let's hear from you!

Distinguished Service Award

Recommendations for this year's SRS Distinguished Service Award have been forwarded to the SRS Board. Nominations for 1997 must be sent to the president by May 30. They must include the individuals name and a description of the distinguished service performed.

Membership Cards

As announced previously, the SRS has new membership cards. If you would like one, send a stamp, self-addressed, stamped envelope with your SRS member number to SRS Secretary Scott Troutman. There is no charge for the cards.

SRS Auctions

SRS Auction #6 was another success; Consignments for future auctions are now being accepted by Scott Troutman.

SRS Sales Service

SRS Sales Service Director Harold Effner keeps adding material to the sales service. See page 28 for what's new.

SRS Publication Sales

A number of new books have been added to the SRS Publication Sales list. All are available to members at a discount from the retail price. See page 29 for the latest offerings.

Hunting and Fishing Stamps of the U.S.—A-E

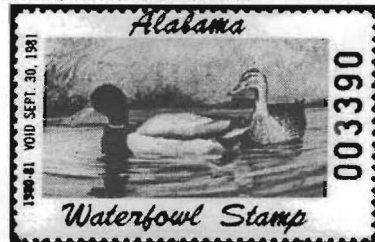

By Charles Souder

(Editor's Note: This is the second of a multi-part SRN series featuring state hunting and fishing stamps from a forthcoming catalog by Charles Souder. This issues covers the A-E states minus California. The author welcomes comments. Write: Charles Souder, 14321 SE 49th St., Bellevue, WA 98006-3146.)

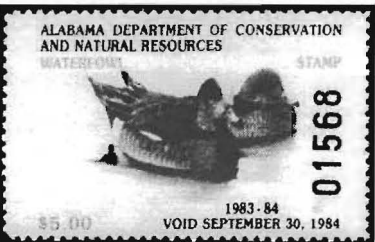

Alabama

ALABAMA WATERFOWL

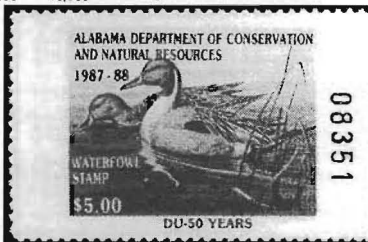

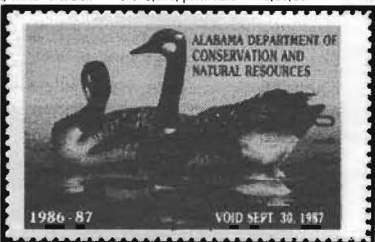

- Alabama's Waterfowl Stamp (ALW) was authorized by Act Number 79-545 in the 1979 Legislature and first issued October 1, 1979. Since the 1979 waterfowl season, Alabama's Waterfowl Stamp has been required for resident and nonresident hunters 16 to 64 years of age to hunt waterfowl in Alabama.
- The first two year's stamp designs were commissioned, subsequent stamp designs have been decided by annual contest. Contest is open to Alabama residents only, and announced in conjunction with the Special Teal season opening. Entries are accepted between January 1st and February 15th each year. Three judges, one each from the fields of art, ornithology and conservation judge the submissions.
- Stamps are issued with dry-gum adhesive; and are serialized on stamp's front.
- Number of hunters based on estimates by the Migratory Bird Management Office, U.S. Fish and Wildlife Service.

Alaska

ALASKA WATERFOWL

- Alaska's Waterfowl Stamp (AKW) is required for hunters 16 to 59 years of age (and not eligible for a disabled or low income license) to hunt waterfowl in Alaska.
- The Bill authorizing the stamp was introduced during the 1984 state legislature session, passed, and signed into law by Governor Bill Sheffield June 1, 1984.
- Stamp design is chosen by annual nationwide contest.
- The 1985-86 and 1986-87 stamps were issued in sheet format for both collector and agent/hunter sales. The 1987-88 and subsequent stamps have been issued in sheet format for collector sales and booklet pane format for agent/hunter sales. The agent/hunter stamps have selva tabs for hunter's personal data.
- Stamps are issued with dry-gum adhesive; are serialized on stamp's reverse; and have back inscription "This stamp is invalid unless signed on face in ink - Alaska Department of Fish and Game."
- Number of hunters based on estimates by the Migratory Bird Management Office, U.S. Fish and Wildlife Service.
- * Total number of stamps destroyed includes both booklet and sheet stamps. Individual records of destruction for the two different type stamps were not maintained.

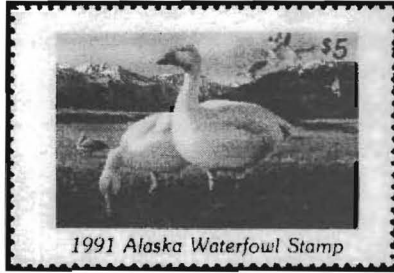

dates	no.	fee	design	artist	printer	format	serial no.	expired	printed	hunters	destroyed
1985-86	AKW1	\$5.00	Emperor Geese	Daniel Smith	Weldon, Williams & Lick	sht30(5x6) perf. 12.5	1-130,020	1/31/86	130,020	14,600	57,513
There is some doubt as to whether the first year's stamps were available widely at the start of the 1985 waterfowl season. Due to stamps not being distributed to all agents in time for the season, a stamp may not have been used in all cases.											
1986-87	AKW2	\$5.00	Steller's Eiders	James Meger	Weldon, Williams & Lick	sht30(5x6) perf. 12.5	1-81K	1/31/87	81,000	17,900	20,825

ALASKA SPORT FISHING

- The Territory of Alaska required Resident (AKSFR) and Nonresident (AKSFN) Sport Fishing stamps to fish Alaskan Inland Waters from 1951 through 1956, replacing them with the Combined Hunting and Sport Fishing and the Visitor's Sport Fishing stamps after the 1956-57 season. All resident Indians, Eskimos and Aleuts were exempt from the licensing provisions as were all children under 16 years of age.
- Stamps were valid for a one year period, from July 1st through the following June 30th.
- Stamps were issued with dry-gum adhesive; and are serialized on stamp's front.

Alaska

ALASKA COMBINATION ANNUAL HUNTING AND SPORT FISHING, AND ALASKA VISITOR'S SPECIAL 7-DAY SPORT FISHING

- The Territory of Alaska issued resident and nonresident annual Combined Hunting and Sport Fishing (AKHF) and Visitor's Special 7-Day Sport Fishing (AKVSF) stamps in 1957 and 1958, being required to hunt and/or fish in the Alaskan Territory. All resident Indians, Eskimos and Aleuts were exempt from the licensing provisions as were all children under 16 years of age.
- The Annual stamps have six boxes at the bottom indicating resident or nonresident, stamp's purpose, and fee. Only one box was to be punched out by licensing agent. Fees ranged from \$2.00 to \$8.00.
- Stamps were issued with dry-gum adhesive; and are serialized on stamp's front.

ALASKA STEELHEAD TROUT AND SALMON

- Alaska issued Steelhead Trout and Salmon (AKTS) stamps from 1981 through 1983, being required for residents and nonresidents to fish steelhead trout and/or salmon in Alaska's waters. In addition to the regular stamps in 1980 and 1981, "no fee" stamps (AKTSF) were issued. Stamps were not used from 1984 through 1992. Starting with the 1993 season, stamps were again required in the form of Resident (AKTSR), Nonresident (AKTSN), and a stamp (AKTS) having five boxes indicating resident, nonresident, period of validity, and fee. Fees ranged from \$10.00 to \$35.00.
- Stamps are serialized on stamp's front. The 1980 through 1993 stamps were issued with dry-gum adhesive; the 1994 stamp was issued with pressure-sensitive adhesive.

Arizona

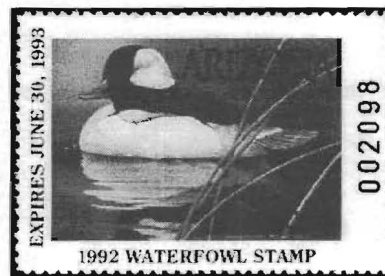

ARIZONA WATERFOWL

- Arizona's Waterfowl (AZW) is required for all hunters 16 years of age and older to hunt waterfowl in Arizona. Additionally, since 1989 a Governor's Edition Stamp (AZWG) has been issued. To be valid, stamp must be affixed to license and signed across stamp's face.
- Stamp design is commissioned.
- Funds from stamp sales are used to develop waterfowl habitat in Arizona and for research and management to increase the number of migratory waterfowl in the state.
- Stamps are issued with dry-gum adhesive; are serialized on stamp's front; and have back inscription "This stamp is invalid unless signed on the face in ink and affixed to license - Arizona Game & Fish Department." Stamps issued for collector sales are issued in sheet format (stamps perforated on all 4-sides) and stamps for agent/hunter sales are issued in booklet pane format (stamps straight edged on 2 or 3-sides) with data tabs.
- Number of hunters based on estimates by the Migratory Bird Management Office, U.S. Fish and Wildlife Service.

Arizona

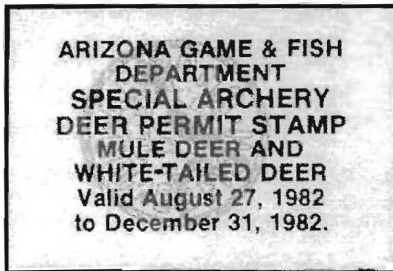

ARIZONA SPECIAL GAME BIRD

- Arizona's Special Game Bird Stamp (AZGB) is required in addition to a valid Resident Combination Hunting and Fishing (Class F), Resident General Hunting (Class G), or 3-Day Nonresident Hunting (Class H) licenses for hunters to hunt band-tailed pigeon, blue grouse, or pheasant. To be valid, stamp must be affixed to back of hunter's license.
- Stamps are issued with dry-gum adhesive; and are not serialized.

ARIZONA TROUT

- AZTR - Resident Trout - Required in addition to a valid General (Class A) Fishing License for resident anglers 14 years of age and older to fish trout in Arizona. Resident stamps are also use for nonresident 5-day validation stamps.
- AZTN - Nonresident Trout - Required in addition to a valid General (Class A) Fishing License for nonresident anglers 14 years of age and older to fish trout in Arizona.
- Larry Toschik designed the Trout Stamp.
- The 1959-60 through 1962-63 stamps were valid July 1st through June 30th the following year. The 1963 stamp was valid for 6 month period, from July 1st through December 31, 1963. Since 1964, stamps have been valid January 1st through December 31st each year.
- Stamps are issued with dry-gum adhesive. Stamps prior to 1965 are not serialized, stamps since 1965 have been serialized on stamp's front.
- * Serial number, fee, status and expiration date in same color.

ARIZONA/CALIFORNIA COLORADO RIVER

- Arizona's Colorado River Special Use Stamp (AZCAF) is required for use on any valid California state fishing license to fish from any floating device on the Colorado River and/or adjacent waters forming a mutual boundary between California and Arizona. To be valid, stamp must be signed across stamp's face and in angler's possession while fishing.
- The 1954 stamps were valid May 1, 1954 through December 31, 1954. All subsequent stamps have been valid from January 1st through December 31st each year.
- Stamps are issued with dry-gum adhesive; and are serialized on stamp's front.
- * Serial number and state seal in same color.

Arizona

ARIZONA/NEVADA COLORADO RIVER

- Arizona's Colorado River Special Use Stamp (AZNVF) is required for use on any valid Nevada state fishing license to fish from any floating device on Lake Mead, Lake Mojave, or on the Colorado River where it forms the boundary between Nevada and Arizona. To be valid for fishing, the stamp must be signed across stamp's face by the angler and in the angler's possession while fishing.
- The 1951 through 1959 and 1978 through 1981 stamps were valid January 1st through December 31st each year. The 1960 stamps were valid January 1st through June 30, 1960. The 1960-61 through 1976-77 stamps were valid July 1st through June 30th the following year. The 1977-78 stamps were valid July 1, 1977 through June 30, 1978. The 1978 and 1978-79 stamps overlapped for six months. Since the 1982-83 stamps, stamps have been valid from March 1st through the last day of February the following year.
- Stamps are issued with dry-gum adhesive; and are serialized on stamp's front.
- * Serial number and state seal in same color.

AZNVF1

ARIZONA/UTAH LAKE POWELL

- AZLPFR - Resident (Utah) Lake Powell Special Use - Required on Utah resident fishing licenses to fish the Arizona portion of Lake Powell through the 1975 season. In 1976, the distinction between resident and nonresident stamps was stopped and the same stamp (UTLPPF) has been used by both Utah residents and nonresidents.
- AZLPFN - Nonresident (Utah) Lake Powell Special Use - Required on Utah nonresident fishing licenses to fish the Arizona portion of Lake Powell through the 1975 season. Starting in 1976 only one stamp (AZLPF) has been used for both Utah residents and nonresidents.

- Stamps are valid January 1st through December 31st each year. To be valid for fishing, the stamp must be signed across stamp's face and in the angler's possession while fishing.
- Stamps are issued with dry-gum adhesive; and are serialized on stamp's front.
- * Serial number and state seal in same color.

Arkansas

ARKANSAS WATERFOWL

- Arkansas' Waterfowl Stamp (ARW) is required for resident hunters 16 years of age and older to hunt waterfowl in Arkansas. Nonresident waterfowl hunters are required to purchase a Nonresident Waterfowl Hunting Permit in addition to a nonresident hunting license.
- Stamp design is commissioned.
- Stamps issued for collector sales in sheet format and agent/hunter sales in booklet pane format. The only distinction between the stamps is the serial numbers.
- All stamps are issued with dry-gum adhesive; are serialized on stamp's reverse; and with back inscription "This Stamp Is Invalid Unless Signed On Face In Ink." Additionally, the 1987-88 stamp was inscribed "DUCKS UNLIMITED 1937-87."
- Remaining stamps are destroyed 3 years from date of issue.
- * First number of hunters from Arkansas Game and Fish Commission; second number based on estimates by the Migratory Bird Management Office, U.S. Fish and Wildlife Service.
- ** Estimated total number of collector and agent/hunter stamps destroyed. Individual records of destruction for the two different type stamps were not maintained.

note: In 1987, The Game and Fish Commission raised the fee from \$5.50 to \$7.00, but in 1989 the Arkansas Supreme Court ruled the fee was raised without authority causing a revalued stamp to be reissued for the 1987-88 and 1988-89 seasons. Refunds from the state were made available for those desiring a rebate.

COLORADO HUNTING AND FISHING

COBR	Resident Bear Hunting - Required for residents 16 years of age and older to hunt Bear with a firearm during the designated bear season.
COBN	Nonresident Bear Hunting - Required for all nonresidents to hunt bear with a firearm during the designated bear season.
COER	Resident Antlered Elk Firearm Hunting - Required for residents 16 years of age and older to hunt antlered elk with a firearm during the designated antlered elk firearm season.
COEN	Nonresident Antlered Elk Firearm Hunting - Required for all nonresidents to hunt antlered elk with a firearm during the designated antlered elk firearm season.
COERAR	Resident Elk Archery Hunting - Required for residents 16 years of age and older to hunt elk with archery gear during the designated elk archery season.
COENAR	Nonresident Elk Archery Hunting - Required for all nonresidents to hunt elk with archery gear during the designated elk archery season.
COAAR	Resident Antelope Archery Hunting - Required for residents 16 years of age and older to hunt antelope with archery gear during the designated archery season.
COAAN	Nonresident Antelope Archery Hunting - Required for all nonresidents to hunt antelope with archery gear during the designated archery season.
CODR	Resident Antlered Deer Firearm Hunting - Required for all residents 16 years of age and older to hunt antlered deer with a firearm during the designated antlered deer firearm season.
CODN	Nonresident Antlered Deer Firearm Hunting - Required for all nonresidents to hunt antlered deer with a firearm during the designated antlered deer firearm season.
CODARR	Resident Deer Archery Hunting - Required for all residents 16 years of age and older to hunt deer with archery gear during the designated deer archery season.
CODNAR	Nonresident Deer Archery Hunting - Required for all nonresidents to hunt deer with archery gear during the designated deer archery season.
COFBR	Resident Adult Furbearer - Required for all residents 16 years of age and older to take designated furbearers during the designated trapping furbearer trapping season.
COFBJ	Resident Junior Furbearer - Required for all resident 15 years of age and younger to take designated furbearers during the designated furbearer trapping season.
COFBN	Nonresident Furbearer - Required for all nonresidents to take designated furbearers during the designated furbearer trapping season.
COSGR	Resident Small Game Hunting - Required for all resident hunters 6 years of age and older to hunt small game with a firearm during the designated small game season.
COSGN	Nonresident Small Game Hunting - Required for all nonresidents to hunt small game with a firearm during the designated small game season.
COHFR	Resident Combination Hunting and Fishing - Entitles residents 16 years of age and older to hunt small game with a firearm and to fish for designated game fish.
COHFR1	Resident Replacement Senior Lifetime Combination Hunting and Fishing - Entitles residents 64 years of age and older privileges of lifetime small game hunting with a firearm.
CO1DHF	1-Day Hunting and Fishing - Entitles holder to hunt small game and/or fish for a 24 hour period.
COFR	Resident Annual Fishing - Entitles resident anglers 16 years of age and older to fish for game fish.
COFS	Resident Senior Annual Fishing License - Entitles residents 64 years of age and older to fish for game fish.
COFSL	Resident Senior (Low Income) Lifetime Fishing - Entitles low income resident seniors to fish for game fish.
COFN	Nonresident Annual Fishing - Entitles nonresidents to fish for game fish.
CO5DF	5-Day Fishing - Entitles holder to fish for game fish for a consecutive 5-day period.
COSS	Special Season -
COLO	Leftover -

- Stamps are issued as a part of the license application; are issued with pressure-sensitive adhesive; and are serialized on stamp's front.
- \$.25 of fee goes towards search and rescue fund.

CONNECTICUT WATERFOWL

- Connecticut's Waterfowl Stamp (CTW) is required for resident and nonresident hunters to hunt waterfowl in Connecticut.
- Stamp design is commissioned.
- Stamps are issued with dry-gum adhesive; are serialized on stamp's front; and with back inscription "IT IS UNLAWFUL TO HUNT WATERFOWL IN CONNECTICUT UNLESS YOU SIGN YOUR NAME IN INK ON THE FRONT OF THE STAMP."

Delaware

DELAWARE MIGRATORY WATERFOWL

- Delaware's Waterfowl Stamp (DEW) is required for resident (16 to 64 years of age) and nonresident (16 years of age and older) hunters to hunt waterfowl in Delaware. To be valid for hunting waterfowl, stamp must be signed across stamp's face and in hunter's possession.
- Stamp design is decided by annual nationwide contest. The design contest opens on November 1st of each year for the following year's design. Entries must be received by February 1st. Stamp design is judged by a five judge panel consisting of one artist, one printer, one waterfowl professional and two from a pool of waterfowl collectors and art dealers. Judges are selected by the Governor or his representative in a random lottery.
- Stamps are issued with dry-gum adhesive; and with back inscription "DELAWARE DIVISION OF FISH AND WILDLIFE - SIGN YOUR DUCK STAMP IT IS UNLAWFUL TO HUNT WATERFOWL UNLESS YOU SIGN YOUR NAME IN INK ON THE FACE OF THIS STAMP." Prior to 1991, stamps were not serialized. Since the 1991-92 season, a distinction has been made between collector and hunter stamps, hunter stamps being serialized on stamp's reverse.
- Number of hunters based on estimates by the Migratory Bird Management Office, U.S. Fish and Wildlife Service.

DELAWARE TROUT

DET - Resident/Nonresident Trout (issued 1956 through 1971 seasons)

DETR - Resident Trout (issued 1956 season; and 1972 and later seasons for residents 16 years of age and older)

DETY - Resident Youth Trout (started in 1984 for residents 12 to 15 years of age)

DETN - Nonresident Trout (issued 1956 season; and 1972 and later seasons for nonresidents 12 years of age and older)

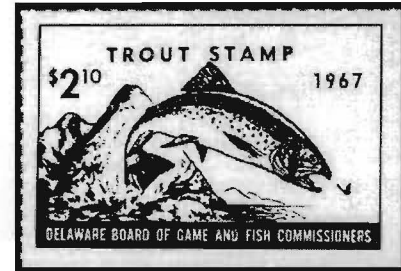

- Delaware's Trout Stamp is required for taking trout in selected waters from the first day in April through June 30th; and the first day in October through November 30th of the same year. To be valid, the stamp must be signed across its face and in the angler's possession.
- Delaware's trout program is a self-supporting put-and-take fishery in selected streams in northern New Castle County. The fees paid for trout stamps are used to purchase trout from commercial hatcheries. Rainbow, brown, and/or brook trout are stocked in selected streams.
- Prior to 1978, except for the Bicentennial issue in 1976, stamp design was similar, normally changing in color each year. Since 1978, stamp design's have been decided by annual contest. Contest entries are received from August 1st and August 31st each year for the following year's design.
- Stamps are not serialized; and are issued with dry-gum adhesive.
- Stamps prior to 1978 do not have a back inscription. Since 1978, stamps have back inscription "DELAWARE DIVISION OF FISH AND WILDLIFE - SIGN YOUR STAMP It is unlawful to fish for trout in designated streams unless you sign your name in ink across the face of this stamp."

Classic Kansas 50-Cent Quail Stamp Had Long Life

By Scott Troutman

The 50-cent Kansas Quail Hunting stamps had one of the longest runs of any state revenue stamp ever issued.

First issued for the 1937-38 season, the same design was used for 25 years by varying the colors of the frame and center portion of the stamp.

It should be noted the 1961-2 stamps were prepared, but were never put into use as the law changed and raised the tax rate to \$1. The 1961-2 stamps were sold to collectors from the Fish and Game Office at Pratt, Kansas.

The design is of a Bob White quail superimposed on a map of Kansas. The original 100-subject printing plate was used for the entire life of these stamps. All the stamps are printed on white paper with a 32 x 26 1/2mm design.

Three different pane sizes were used over the years. For the first two years, panes of 50 were produced that measure 167 x 306mm with 13mm selvage at the top. These were rouletted 6 3/4 between the stamps and at the top selvage.

More prevalent were panes of 10 (2 x 5) measuring 76 x 160mm and rouletted 6 3/4 between the stamps. These were produced for the remainder of the years, except from 1940-41 through 1944-45 when only single stamp panes were used.

Figure 1.

Single stamp panes were produced from the 1939-40 issue through the 1946-47 issue. These were made into booklets of 25 stamps measuring 47 x 30mm, including a 12 mm tab at left.

These were rouletted 6 3/4 between the stamp and tabs and, as a rule, were imperfect otherwise. However, some single stamp panes were made out of sheets or panes already rouletted and traces of this rouletting occasionally remains on the stamp.

In time, the printing plates developed

problems and three plate varieties came to exist. The most famous is the "white feather" variety, which began appearing on the 1938-39 printing, and is on the remaining 23 years as well. Speculation is that the plate developed a crack and a small repair was made.

The result is what appears to be a perfectly formed white feather approximately 5mm long in the grass under the quail's breast. This defect is known to have been on plate position 23 in sheets of 100 and appeared in position 5 on the panes of 10. An example of a normal and "white feather" variety is shown in Figure 1.

Beginning with the 1948-49 issue the "defective top right value tablet" appeared. In this variety the upper right circle with the "50¢" is broken and a blob of color covers the cent sign. With time the blob continued to grow larger. This stamp was position 3 in a pane of 10.

The 1952-53 issue brought the appearance of the "spur" or "horn" variety. This deformity is a blob of color just under the rear end of the quail, which has two blades of grass sticking up like spurs or horns. This variety only appears in position 8 on a pane of 10.

If you have Kansas quail stamps, it is worth checking them for these three varieties. Remember only one stamp in 100 has them.

Researcher Adds New Data to Drug Stamp Listing

By Robert R. Henak

I recently joined the SRS and got a copy of the Drug Stamp issue from last year. My state revenue interest is state drug stamps and what I present here is some additional information based on my research from the summer of 1995.

Colorado sells stamps (both marijuana and controlled substance) in increments of 1/4 of an ounce. The minimum purchase is \$25 for 1/4 ounce of marijuana and \$250 for 1/4 ounce of controlled substances.

Florida had a tax on drugs but, as far as I can tell, did not issue stamps. Their statute was declared unconstitutional on self-incrimination grounds in *Florida Department of Revenue v. Herre*, 634 So.2d 618 (1994).

Idaho has a minimum purchase of \$150 for marijuana tax stamps. Idaho also has a growing marijuana tax of \$775 (with accompanying stamp) per plant.

The tax rates in Illinois were raised

from what was included in the article. According to the order form dated 12/94, the rates were \$10 per gram of marijuana, \$500 per gram of controlled substances (by weight) and \$4,000 per 50 units of controlled substances. A letter I received from the Illinois Department of Revenue in June 1995 indicated that "[r]ecent court decisions have affected our ability to adequately enforce the tax act. however, we have continued to sell stamps to those who would purchase them on a voluntary basis."

In addition to the tax rates listed in the article, Iowa also has a marijuana plant stamp at the rate of \$750 per plant. Iowa also imposes a minimum purchase/tax paid of \$215.

The article did not list Nevada. Nevada revised Statutes Annotated s. 372A010 et seq., based on a 1987 state law, mandates the printing of drug tax stamps. The statute requires the drug dealer to register and pay

an annual fee of \$250. It also imposes a tax at the rate of \$100 per gram of marijuana, \$1,000 per gram of controlled substances (by weight) and \$2,000 per 50 dosage units of controlled substance.

South Dakota had a drug tax law in the mid 1980s, but it was declared unconstitutional in state court on self-incrimination grounds in 1986 or 1987. Utah's rates are \$3.50 per gram of marijuana (with a \$150 minimum purchase, \$200 per gram of controlled substance by weight (with a \$1,400 minimum purchase) and \$2,000 per 10 units of controlled substance measured by dosage unit (\$2,000 minimum purchase).

Also, both Colorado and Wisconsin bar transfer or resale of their own tax stamps by anyone other than the state. However, this should only affect transfers or sales within, into or out of those states. The state can not control what collectors or dealers do with the stamps wholly outside their boundaries

Michigan Apple Stamps and Cards Updated

By Terence Hines

Bill Smiley last discussed the Michigan apple advertising stamps and cards in the September/October 1981 *SRN*. At that time the familiar adhesive stamps had been replaced with a "variable rate" stamp on which the amount paid was apparently filled in by pen.

Since 1981 a new variable rate stamp has appeared (Figure 1). It is actually a simple triple business form "MICHIGAN APPLE COMMITTEE" and "APPLE ADVERTISING STAMP." The top form is on yellow paper, the middle on pink and the last on white.

The white copy is the one that was actually attached to the shipping document and it bears an apple, made out of the words "MICHIGAN APPLE." Printing on all three forms is in green with serial number and

copy designations in red.

I said "which was actually attached" because even these stamps have now been discontinued by the Michigan Apple Committee.

When they were used, these stamps came in small booklets. The cover contained information about the assessment rates and the use of the stamps. A booklet cover is reproduced in Figures 2 and 2a.

A previously unreported apple advertising card is shown in Figure 3. This bears an 8-cent denomination and is printed in brown. Note that it is inscribed "APPLE ADVERTISING/AND RESEARCH FUND" while previous cards were merely inscribed "APPLE ADVERTISING FUND."

Remainders of previous apple advertising stamps have been destroyed.

MICHIGAN APPLE COMMITTEE
INSTRUCTIONS
Read Carefully

This book contains 20 triplicate sets of non-denomination apple advertising stamps. BOOK AND STAMPS ARE NON-TRANSFERABLE. They are charged to you by serial number and you are responsible for their use and accounting.
(Use of this book is your responsibility)

HOW TO USE:

1. Place cover of pad under top set of 3.
2. Print plainly with ballpoint pen, filling out all information.
3. Remove 3rd copy - green - (gummed) and attach permanently to shipping document.
4. Remove 1st copy (canary) and send to Michigan Apple Committee at end of each calendar month with payment. (This may be an accumulation of many original sheets.)
5. Retain 2nd copy (pink) sheets for your file.
6. In case of error in filling out a stamp Do Not erase. Write VOID across the face of the stamp and mail the original and second sheet to the Committee with end of month report.

Use Ball Point Pen - Press Firmly

State News

Florida

Effective May 28, 1996, receipts, charge slips and other records of transactions effected with the use of a credit card are exempt from the Florida documentary stamp tax. (CH. 96-245 (H.B. 1015), Laws 1996, effective 28 May 1996.

Beginning April 1, 1997, The Florida Department of Revenue will no longer prepare and distribute stamps to donate the tax on recordable documents. However, persons holding documentary stamps after that date may continue to use the stamps to pay the tax. Stamps will no longer be affixed to recordable instruments subject to the Florida documentary stamp tax. Instead, a notation will be made on the note, certificate of indebtedness or obligation stating that the tax has been paid on the mortgage, trust deed or security agreements.

Stock certificates will not bear a notation that the tax has been paid. Instead a notation will be shown on the stock books.

A provision authorizing payment of the tax through the use of metering machines is repealed. (CH 96-395 (S.B. 248) Laws 1996 effective June 2, 1996, except as noted. (*State Tax Review*))

Iowa

A Utah resident found in possession of marijuana in Iowa was liable for Iowa marijuana tax penalties because he had failed to pay the tax immediately upon possession of the drug and to affix drug tax stamps. The tax levied on the dealer's marijuana did not violate the federal Commerce Clause because the same tax is levied on local dealers. Further, the dealer was unable to show that it had been impossible for him to obtain the tax stamp as required. (*Predka*, Iowa Supreme Court, No. 194/95-1045, July 24, 1996). (**Reported in the Sept. 3, 1996, State Tax Review.**)

Maine

Maine's Department of Inland Fisheries and Wildlife will sell its expired muzzleloading and pheasant stamps for \$1 each until Dec. 31, 1996.

The state found that the cost of maintaining a stamp inventory, processing the money, and mailing the stamp cost more than the \$1 fee so, after December 31 the state will no longer sell expired stamps. All stamp inventories will be destroyed after the

stamps are audited at the close of the year.

The only way to obtain Maine stamps will be to buy them during the current year. The SRS Sales Service has purchased a quantity of each of the available issues. To inquire write: Maine Department of Inland Fisheries and Wildlife, 284 State Street, 41 State House Sta., Augusta, ME 04333-0041. (**Terence Hines and Harold Effner Jr.**)

New Jersey

The New Jersey Division of Fish, Game and Wildlife is selling back issues of resident trout, non-resident trout, pheasant and quail and woodcock stamps for the years 1991 through 1996.

Prices are face value, ranging from \$2.25 for a 1991 woodcock stamp to \$22 for a 1996 pheasant and quail stamp.

Until Jan. 30, 1997, the state will also sell 1990 stamps from each of the categories for \$2 for a single, \$6 for a block and \$10 for a sheet. For details write to the Division of Fish, Game and Wildlife, CN 400, Trenton, NJ 08625 or call (609) 984-6213. (**Harold Effner Jr.**)

South Carolina

Effective Dec. 1, 1996, the use of documentary tax stamps will be discontinued. The tax will be reported and paid by the county on a monthly basis, rather than paid through the purchase of tax stamps from the Department of Revenue.

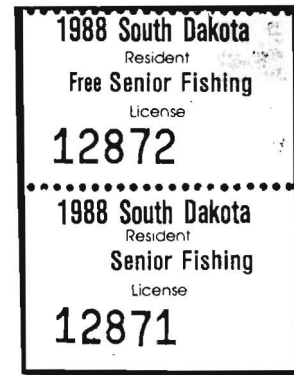

Tax reports will be due the 20th of the month following the month in which the deed was recorded. If the report and tax are filed timely, the county will be allowed a discount of three percent of the state's portion the documentary tax. Act 458 (HB 4600, Part II, Section 57.) (*1996 Summary of South Carolina Tax Law Changes.*)

South Dakota

Recently, the SRS sales director noticed something different in the buff colored 1988 South Dakota resident senior fishing license stamps available from the SRS Sales Service. The stamps come in panes of five and on seven of the panes the SRS had in stock, the stamp at the bottom had the word "free" missing. It is not known if this is a constant error on all panes of this stamp.

The stamps in stock are numbered 4171, 12766, 12771, 12866, 12871 and 12861 and will be placed in the next SRS auction.

If you bought one of these panes, check

what you have. You may be in for a surprise. (**Harold Effner Jr.**)

Drug Stamps

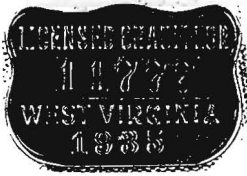

The U.S. Supreme Court has decided not to review an Indiana Supreme Court ruling that the double Jeopardy Clause of the U.S. Constitution did not bar the imposition of the Indiana Controlled Substances Tax against a couple for possession of a controlled substance because the husband was assessed the tax and accompanying penalty before he was convicted of felony possession of marijuana, making the tax a first jeopardy. The state also concluded that the husband's subsequent conviction for the criminal charge was a second jeopardy and that the tax did not violate the couple's Fifth Amendment privilege against self-incrimination nor their Fifth and Fourteenth Amendment procedural due process rights. (*Hall*, U.S. Supreme Court, Dkt. 95-1589, petition for certiorari denied May 20, 1996.)

The U.S. Supreme Court declined the request of two taxpayers who were convicted of possession and sale of cocaine and assessed controlled substances tax for review of the Kansas Court of Appeal's refusal to waive a requirement that they pay a bond before challenging the tax in that court. (*Goddard*, U.S. Supreme Court, Dkt. 95-1489, petition for certiorari denied May 20, 1996.)

The U.S. Supreme Court refused to review an unreported Texas appeals court decision affirming the petitioner's trial court convictions for possession of cocaine and failure to pay the Texas controlled substances tax. The petitioner was convicted under a Texas law that makes a dealer's failure to pay the controlled substances tax a crime and defines "dealer" as a person who possess seven or more grams of a taxable controlled substance. (*Campbell*, U.S. Supreme Court, Dkt. 95-1543, petition for certiorari denied May 20, 1996.) (*State Tax Review*)

Letters to the Editor

Montana Eggs

Your excellent article "Egg and Inspection Stamps: ..." (SRN 1/96) prompted me to revisit my accumulations. In the article you mention that in 1919 some of the first egg laws were enacted in South Dakota.

When I pulled out that binder I found an egg dealers license dated the 1st day of April 1932. The lead statement at the top of the license may have been of more import because it clearly refers to the state "Session Laws of 1919."

Also, the attached March 5, 1975, letter by Thomas F. Lofthouse, Supervisor, Poultry and Egg Section, Animal Health Division, Montana Department of Livestock sheds some more light on the Montana egg seals. It reads:

The Montana Department of Livestock secured favorable legislation effective July 1, 1972 which enables us to discontinue the sale of egg seals. Xerox copies and samples of such seal are enclosed.

Prior to this legislation, our laws also provide for the sale of imprint seals applied by the carton manufacturer to the egg carton. Both the glue-back and imprint seals sold for \$1.50/M.

Printing and administrative costs were two main factors which led to discontinuing the sale of egg seals. We also discontinued the seals because it was apparent that some consumers had construed the seal with the department name to mean our endorsement and guarantee of quality as stated on the seal. The egg quality program just prior to this was removed from the State Department of Agriculture and transferred to this agency.

**M.E. Matesen
Edmonds, Wash.**

(Editor's Note: The photocopies of seals included two that were not listed in the cataloging effort on page 12, SRN 1/95. Illustrated were examples of Jumbo AA and Standard B with union label "470 IPEU." This brings the total number of identified Montana egg stamp varieties to 52.)

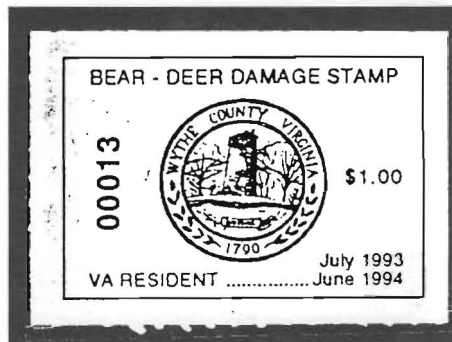

A Possible Drug Stamp Co-op

As you know, there are a few states (Kansas, Iowa, Idaho and Utah) that require minimum orders, between \$150 and \$215, for marijuana stamps. I would be willing to organize a joint purchase (*no pun! ed.*) if there are a sufficient number of other SRS

members who are interested in stamps from those states. The SRS Sales Service might also be interested in these at cost.

While not listed in the SRN 3/95, Nevada also has drug tax stamps. Unfortunately, Nevada requires a \$250 registration fee and charges \$100 per gram of marijuana. If I could find five or more members willing to make a joint purchase to divide the registration fee, I would be willing to arrange that purchase as well.

**Robert R. Henak
8010 N. Mohawk Rd.
Fox Point, Wis. 53217**

More Virginia Bear/Deer Damage

I am writing with regard to an article that appeared in the *State Revenue News*, Vol 33, No. 2, page 10, concerning the Virginia County bear/deer damage stamps.

I agree that information on these stamps is difficult to find. However, my records indicate that additional stamps have been issued for the following counties:

Allegheny: 1991-92—1993-94, \$1 resident and \$5 non resident

Craig: 1989-90—1993-94, \$1 resident and \$5 non resident

Floyd: 1991-92—1995-96, \$1 resident and \$5 non resident

Highland: 1991-92—1995-96, \$1 resident and \$5 non resident

Rockbridge: 1989-90—1995-96, \$1 resident and \$5 non resident

Russell: 1990-91—1994-95, \$1 resident and \$1 non resident

Scott: 1991-92, \$1 resident and \$1 non resident; 1995-96, \$1 resident and \$5 non resident

Smyth: 1989-90—1991-92, \$1 resident and \$5 non resident

Wythe: 1990-91—1994-95, \$1 resident and \$5 non resident

Please note that the non-resident fee for Russell County (1990-91—1994-95) and

Scott County (1991-92) was \$1, not \$5.

Virginia hunting regulations may be requested each year from the Department of Game and Inland Fisheries, POB 11104, Richmond, VA 23230-1104. These regulations have a section listing hunting fees, including the counties currently selling bear/deer damage stamps.

I hope this information proves helpful.

**J.R. Wooton
Talking Rock, GA**

Egg Surprise

I was pleasantly surprised with my copy of the First Quarter 1996 SRN. I was especially interested in the cataloging of the Montana egg stamps. I have only seen three or four in my years of collecting, about 50 years. I wish you had added catalog prices to the listing.

I would like to hear from anyone that has Montana egg seals for sale or anyone that has more information about these issues.

**Harold J. King
Keansburg, N.J.**

(Editor's Note: Anyone that can help can write in care of the editor, who will forward the information)

ARA Sales Circuit

As a reminder, the American Revenue Association sales circuits include two categories covering state revenues: one for specific states and a general category for those interested in all states.

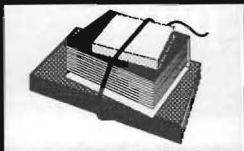

The ARA circuits are patterned after those of the APS. Typically, about 10 16-page salesbooks circulate among members residing in the same general geographical area. In this way, up to 1800 different revenues can be examined for a week in the comfort of the ARA member's stamp den.

A large stock of state revenue salesbooks is currently on hand, and interested SRS members who are ARA members can submit requests to me at POB 1890, Manhattan, Kansas 66505-1890.

Non-ARA members must first submit a membership application to ARA Secretary Bruce Miller, 701 South First Ave. #322, Arcadia, CA 91006. Annual dues are \$18 and includes *The American Revenuer* and access to the ARA library and auctions.

**Paul Weidhaas
Manhattan, Kansas**

State Revenue News

Library Notes

By Peter Martin

ATTS Newsletter

The July-September *American Tax Token Society Newsletter* includes two pages of Ohio Sales tax punchboards, two illustrations of Oklahoma tax token dispensers and three varieties of Pleasant Plains, Ill., sales tax stamps. The pages are designed as supplements to the *United States Tax Tokens and Stamps: A History and Catalog*.

For additional information write: *ATTS Newsletter*, 6837 Murray Lane, Annandale, VA 22003.

Duck Tracks

The Third Quarter 1996 *Duck Tracks*, journal of the National Duck Stamp Collectors Society, includes the results of the society's second duck stamp poll won by New Jersey's 1995 stamp and lists the 1996 duck stamp species and designers.

The future of duck stamps is reviewed

by Federal Duck Stamp Office Director Bob Lesino and the federal and New Jersey first day of issue ceremonies for the 1996 duck stamp are covered.

Dues are \$20. For membership information write: NDSCS, POB 43, Harleysville, PA 19438

Keychain Tag News

The September 1996 *Keychain Tag News*, newsletter of the mini license plate collectors, features Alabama key chains, chauffeur's badges, windshield stickers, boat stickers, interstate fuel markers and paper registrations. The newsletter is edited by SRS Governor Dr. Edward H. Miles.

Subscriptions are \$10 and available by writing: *Keychain Tag News*, 888 8th Ave., New York, NY 10019.

U.S. Tax-Stamp Review

The August 1996 *U.S. Tax-Stamp Review* illustrates several Montana liquor

rarities and a rare 1924 document that includes U.S., Missouri and Jackson County deed stamps. Several West Virginia beer rarities are also shown.

To subscribe write: ICAR, Box 9128, San Jose, CA 95157.

Linn's Stamp News

Linn's Stamp News, North America's largest stamp newspaper, recently featured the SRS and SRN in two separate articles.

The April 22, 1996, issue included a half-page "The Insider" column by Les Winick that focused on drug stamps and the coverage provided to this area by *State Revenue News* and the *Wall Street Journal*.

The June 10, 1996, *Linn's* issue had a page 9 article titled "Egg stamps in revenue journal" that included information about the SRN egg issue, society auction and "Free For All" column, as well as providing membership information.

ARA 1997 Show Site Changed to St. Louis

The previously announced site for the 1997 ARA show has been changed.

The move from COLOPEX (Columbus, Ohio) in 1997 was necessitated by a conflict with the dates for the Mega-Event in New York City. Most of the large revenue dealers participate in the Mega-Event so the ARA scrambled to get into St. Louis. Further details will be provided in *The American Revenuer*, the ARA journal.

STAMPOREE in Florida is the scheduled site for 1998 and BALPEX in Hunts Valley, Md., has received the nod for 1998. Recent years has seen the ARA and SRS hold their annual meetings at the same site. The SRS plans will be announced in early 1997.

West Virginia

Shown is an enlarged illustration of a 1¢ West Virginia soft drinks tax decal. Rouletted 6 1/4, the stamp measures 13 x 19 mm and is on a creme-colored safety card. (Scott Troutman)

State Revenue News

Stifftails Featured In New Book

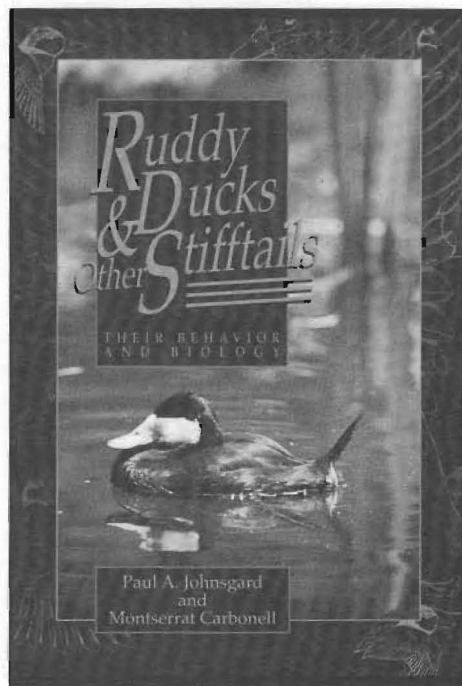

Ruddy Ducks & Other Stifftails Their Biology and Behavior by Paul A. Johnsgard and Montserrat Carbonell. 1996 University of Oklahoma Press, Norman. 291 pp., illustrated. Hardbound with DJ. \$49.95 from University of Oklahoma Press, POB 787, Norman, OK 73070-0787.

The first volume in the University's Animal History Series fills an important gap in the study of stifftails, particularly at a time when their wetlands habitat is increasingly at risk. Written by two highly regarded waterfowl researchers, it is an in-depth overview of the morphology, behavior and ecology of this closely related group of waterfowl.

Stiff tailed ducks have evolved to be able to dive to the bottom of ponds in search of food. Their feet have shifted far to the rear, their wings are much reduced in size and their tail feathers have become long and stiff, making excellent underwater rudders.

Johnsgard, a professor of biological sciences at the University of Nebraska-Lincoln, has authored more than 30 books and bases his descriptions on a lifetime of observations. Carbonell contributed her three-year study of stifftails.

Despite its scholarly title, the book is very reader friendly and very well illustrated.

Duck enthusiasts, artists, ornithologists and general readers will have an enjoyable time analyzing the remarkably detailed data about the ruddy duck and its relatives, the black-headed duck, the maccoa, the Argentine blue-billed, the Australian blue-billed, the white headed duck and the musk duck.

Peter Martin

WANTED: TENNESSEE & SOUTH CAROLINA AMMO stamps. Will buy or trade. Particularly interested in stamps on ammunition boxes. Also seeking tax forms, related usages and printing information. PETER MARTIN, POB 45553, OKLAHOMA CITY, OK 73145. (11)

Correction

The Washington Egg Seal article in the First Quarter *SRN* had three illustrations positioned incorrectly. They are:

E11 [E7a] The illustration is of E13 [E9]. The correct illustration (a horizontal pair) is shown.

E13 [E9] The illustration is of E12A [E8A]. A quick examination of the illustrated E12 [E8] will reflect the relation these two have in common. The illustration "slipped down" one position in the layout. Another E13 [E9] is shown here. The one used in the article, shot on a black background, may give readers the impression the design is "square" when in fact it's "round."

The final note is the 1972 notation. The "E" listing. "Like E14" ... should read "E15" instead. (M.E. Matesen)

West Virginia

Shown reduced is a full sheet of 70 of the powder blue \$2.88 value from a West Virginia Soft Drinks tax stamp set first reported in the November 1976 *SRN*. The stamps measure 26 x 32mm and are perforated 10 1/2. Other values in the set are .36 (purple), .48 (medium brown), .60 (red), .72 (medium blue), .96 (ochre), \$1.44 (orange), \$2.40 (green) and \$2.48 (black). The 72-cent value is also known rouletted. The Hubbard Catalog lists all but the rouletted stamp as SD 25-33. The stamps were printed in the early 1960s by I.S. Berlin Press, 3201 North Kimball, Chicago, Ill. At that time the Berlin Press was the largest privately owned printing company in the United States, employing more than 625. The large building, which occupied a full block, was torn down and replaced by a strip mall and food store. A spin-off from this company, Berling Industries, still exists in the Chicago area. I believe these stamps were printed gratis at the time for their big customer, General Mills. A proofing press was probably used to print them. A friend of mine, now deceased, helped supervise this operation and was able to save a few sheets. If my memory serves me correctly, only a handful of sheets were produced for each value. The stamps were ultimately sent to West Virginia for use on soft drink products. (Dick Bilek)

Address Correction Requested

Free For All

The Third Quarter 1996 *SRN* "Free For All" is a 1982 duck stamp from Maryland.

The \$3 face-value stamp illustrates a canvasback and was designed by Roger Bucklin. Until 1993 all Maryland duck stamps had a tab attached to the left or right side. The stamps should be collected with the tab.

Listed as MD9 in the *Scott Specialized Catalogue of U.S. Stamps* the stamp has a \$7 catalog value.

The stamps were donated to the SRS by Bob Dumaine, president of Sam Houston Philatelics, Houston, Texas.

SRS "Free For All" items are provided as a benefit to members to enhance their collecting enjoyment. Stamps are donated to the society and "Free For All" items not requested within the allowed time frame are provided to the SRS Sales Service for sale to members. All sales benefit the SRS.

Single requests from SRS members will be filled until March 15 or while supplies last. Send a SASE with 32 cents postage and your SRS number to: SRS Duck Free For All, 27 Pine St., Lincroft, N.J. 07738.

To prevent mail handling damage members may want to include a card stiffener.
